**Date:** January 31, 2018

**Committee/Requestor:** Nithya Raman & Darius Derakshan, Homelessness Committee

**Text of Motion:** The Homelessness in Silver Lake Committee approved a motion asking the SLNC Governing Board to submit a letter to the city requesting a walk-in access center available to homeless and other vulnerable members of our neighborhood. The access center should be within the boundaries of the Silver Lake Neighborhood Council. The access center should be open to residents who need assistance at least during normal working hours, should offer mailing address services onsite, laundry services onsite, and should be staffed with case managers and a nurse practitioner.

**Committee Vote:** Unanimously approved, 10-0, recommending passage

**What is the timeline for the project?**  
Immediately

**What is the most important item about this motion?**  
Approving the letter

**Please explain how this motion benefits the SLNC and Silver Lake:**

Helps Silver Lake residents who are experiencing homelessness quickly access services and transition into housing. Currently there are no walk-in centers that offer services to homeless residents or residents in danger of homelessness in Silver Lake and the surrounding neighborhoods.

**How will this motion be implemented, and by whom?**

If the motion is supported by the SLNC, the governing board will submit a letter to the Los Angeles City Council using the text of the motion provided above

**Committee's discussion from the Committee meeting minutes:**

Nithya Raman Introduces Motion: Homelessness in Los Angeles is reaching a crisis point, with measure H and HHH funds, there is a need for walk-in services. There are zero walk-in access services in Silver Lake and surrounding neighborhoods.

Dorit Dowler-Guerrero: This should be city funded and city partnered

Mike O'Shea: SELAH has been going since July and it's been great, but it's hard for the homeless folks we meet to be at the right place and the right time to meet with outreach workers several days later.

Nithya: Additionally, during the recent rain storm, the closest emergency shelters were in either Highland Park or Skid Row, Weingart Center, and there were no pickup points in our neighborhood. Additionally, the nearest emergency shelter is full every night and they turn people away.

Nicole Federici: What about churches, there churches in this neighborhood that are underutilized and can serve as a temporary shelter in addition to the access center.

Sally David: Churches can serve that purpose, and I can help strong arm them into it

Dorit: There are 6 churches in the SGV that offer temporary shelters, rotating every 2 weeks at a time, could serve as a model for here.

Cathy Takemoto: For the access center, what about a place to pick up mail? You need a place to get mail for important documents.

Daniel Ciarfalia: I work in Silver Lake, and I live in Hollywood, but I think it would be very important if there were access to showers, because this [neighborhood] is a dead zone for showers.

Darius Derakshan moves to discuss adding revising the motion to include the following text: The access center should be within the boundaries of the Silver Lake Neighborhood Council, should offer mailing address services onsite, laundry services onsite, and should be staffed with case managers and a nurse practitioner.

Dorit Seconds

Group discussed the need for it to be within Silver Lake, the need for laundry, and the need for mailing address services.

Motion unanimously passes, 10-0
